

Thalia Woods

Seeking apprenticeship — 24 months · 4 days company / 1 day school

FULL-STACK WEB DEVELOPER

PROFESSIONAL EXPERIENCE

Front-End Developer – Julaya (B2B Fintech)

January 2025 – February 2026

- Designed and deployed a headless CMS (**Strapi** + **Next.js**) connected to the [landing page](#) and [blog](#), enabling the marketing team to publish autonomously and reducing technical intervention on content updates.
- Structured data schemas, integrated Figma designs, and implemented front-end components and fetch logic for a complete production rollout.
- Improved and maintained front-end features in **TypeScript** alongside product and QA teams: handling edge cases, securing user flows, and reducing regressions.

TECHNICAL PROJECTS

Jardin Solidaire

[GitHub Repo](#) · Ongoing

- Full-stack platform connecting underused garden owners with people who want to grow food, promoting social connection and inclusion.
- Designed the full-stack architecture (**Next.js**, **Node/Express**, **Prisma**, **PostgreSQL**, **Docker**) and core data models (gardens, bookings, availability slots).
- Secured the API, set up CI/CD, and added unit and E2E tests for key booking flows.

Témoigner pour Lutter

[GitHub Repo](#) · Ongoing

- Designed a living digital archive tool for Ely & Marion Collective, enabling access to testimonies and media fragments (text / image / video).
- Built a “Do It Yourself” section to compose a live form using a canvas, an audio console, PDF/video export, and a space for sharing user creations.
- Developed with **Next.js**, **TypeScript**, **Tailwind** and **Supabase**, with structured data (tags, links) and robust media handling.

Hannah Hajar

[GitHub Repo](#) · Ongoing

- Designed and developed an immersive experimental audio-visual website for a music duo, structured as an interactive spatial map.
- Implemented pan/drag navigation and scalable front-end architecture with a focus on responsiveness and performance in **Next.js**, **TypeScript** and **Tailwind**.
- Built a real-time audio engine using the **Web Audio API** (triggering, distance-based modulation, transitions) and handled heavy media assets.

Vintage Gallery

[GitHub Repo](#) · Team project

- Contributed to **Vintage Gallery**, a team-built furniture e-commerce website (**React** + **Node/Express**, **MongoDB/MySQL**).
- Worked on catalog and product pages (listing, details, navigation) in **React**, focusing on responsiveness and reusable components.
- Built back-end endpoints for product and order management (**Express**, data access) within a complete e-commerce flow.

ADDITIONAL EXPERIENCE

Sales Assistant · Multi-skilled employee · Activity leader · Waitress

2016 – 2023

- Managed cash register operations, stock, ordering, shelf organization, and merchandising independently, with strong customer service skills.
- Led workshops and tutoring (ages 6–15, ~25 students): pedagogical adaptation, building trust, and supporting struggling students.
- Worked in hospitality (service, taking orders, rush management): efficiency, organization, and resilience under pressure.

EDUCATION

Ada Tech School 2023 – 2026

RNCP Level VI (Bachelor's equivalent)

– Application Design & Development.

Aix-Marseille University 2020 – 2021

DAEU A – High Honors

(University Access Diploma).

Atelier de Sèvres 2016 – 2017

Art Foundation Year

– Fashion specialization.

SKILLS

Front-end:

Next.js · React · TypeScript · Tailwind
· Angular · HTML · CSS

Back-end:

Node.js · Express · Strapi · Python · PHP

Mobile:

iOS (SwiftUI)

Databases / ORM:

PostgreSQL · Prisma · MongoDB · MySQL

DevOps / Tools:

Docker · CI/CD · Git · GitHub · Jira · Figma

SOFT SKILLS

Creative · Product mindset · Team player
· Pedagogical · Adaptable · Proactive

LANGUAGES

English: Native C2

French: Bilingual C2

Spanish: B2

VOLUNTEER WORK

Les Papillons Blancs de Paris

IT workshops for people with intellectual disabilities

Mathematics Club – Marseille

La Maraude Sans Nom – Marseille

Outreach and support for undocumented migrants

French Red Cross – Paris

Food collection and street outreach

Shotgun – Public Relations – Paris

Public relations for cultural events

INTERESTS

- Illustration (ink / watercolor)
- Upcycling (clothing, furniture)
- Piano
- Beginner tattoo artist
- Writing (short stories, poetry)
- Auteur cinema
